RE: PG 34.8: Four Area-Specific Amendments to Chapter 694

June 16, 2014

ABC Residents Association supports the staff's refusal report for 4 electronic ground 3rd-party signs for the following reasons:

Size (4 to 6 times larger than allowed)

Height (almost twice as tall as allowed)

Location: (proximity to Highways 401 and 407 and against the proposed restrictions for electronic signs)

In summary, these electronic signs would not fit into the surrounding neighbourhoods and they would set a precedent.

D Dyer
