Independent Auditor's Report

To the Members of Council of City of Toronto

We have audited the accompanying consolidated financial statements of the City of Toronto Trust Funds, which comprise the statement of financial position as at December 31, 2014 and the statements of operations and changes in fund balances, and continuity of trust funds for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the basis of accounting described in note 2 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the City of Toronto Trust Funds as at December 31, 2014 and the results of its operations and

its cash flows for the year then ended in accordance with the basis of accounting described in Note 2 to the consolidated financial statements.

Basis of Accounting and Restriction on Use

Without modifying our opinion, we draw attention to Note 2 to the consolidated financial statements which describes the basis of accounting. The consolidated financial statements are prepared for management and to the Members of Council. As a result, the consolidated financial statements may not be suitable for another purpose. Our report is intended solely for the Members of Council and management and should not be used by any other parties.

All inter-governmental unit accounts have been eliminated or appropriately measured and considered for disclosure in the consolidated financial statements.
