Dear Ms. Watkiss:

**Subject: Item EY33.13, Investigation of Impacts Related to ML Ready Mix AND
Item EY33.14, 29 Judson Street - Divisional Updates on Actions Taken and Outstanding
Issues**

I write further to the June 23, 2014 letter from the City Clerk's office which provides for the following request of Metrolinx:

7. City Council request Metrolinx to submit to Etobicoke York Community Council a status update on the easement proposed for this site.

The lands municipally known as 29 Judson Street, Toronto (the "**Burdened Lands**") are subject to both an access easement and a maintenance easement benefitting various parcels of land owned by Metrolinx. Remicorp Industries Inc. ("**Remicorp**"), the owner of the Burdened Lands, approached Metrolinx regarding the possibility of relocating the access easement to an alternate area of the Burdened Lands. Metrolinx has reviewed the alternative proposed by Remicorp and has determined that this alternative does not accommodate the current and/or future requirements of Metrolinx.

Respectfully,

Mike Millar
