## Toronto and East York Community Council

TE33.79		Referred		Ward:30
---------	--	----------	--	---------

### Traffic Control Signals - Broadview Avenue and Bridgepoint Drive

#### City Council Decision

City Council on July 8, 9, 10 and 11, 2014, referred Item TE33.79 to the August 12, 2014 meeting of the Toronto and East York Community Council for further consideration.

---

#### Community Council Recommendations

The Toronto and East York Community Council submits the item to Council without recommendation.

#### Community Council Decision Advice and Other Information

The Toronto and East York Community Council requested the appropriate City staff and Bridgepoint to discuss options for alternative timing of the installation of the traffic signals as contemplated by condition #44 of the subdivision agreement, and that the Deputy City Manager, Cluster B be requested to report to City Council on July 8, 2014 on the outcome of these discussions.

#### Origin

(June 2, 2014) Report from the Director, Transportation Services, Toronto and East York District

#### Summary

Transportation Services is seeking authority from City Council to install traffic control signals at the intersection of Broadview Avenue and Bridgepoint Drive and prohibit traffic movements through the intersection to Victor Avenue, which is off-set approximately 15 metres north of Bridgepoint Drive.

The installation of traffic control signals at this location will satisfy conditions of site plan approval for the Bridgepoint Hospital redevelopment while providing a safe environment for both vehicular and pedestrian traffic.

The Toronto Transit Commission (TTC) operates streetcar service on Broadview Avenue.
