SUMMARY

On March 31, 2016 City Council considered the report Developing Toronto's Transit Network Plan: Phase 1 ([EX13.3](#)) which provided a comprehensive update on transit expansion projects currently under assessment, including SmartTrack (including Eglinton West LRT), Scarborough Subway Extension, Relief Line, and Eglinton East LRT.

Council directed staff to report in June 2016 with an update and recommendations on each project. This report provides notification that the City Manager will be providing a report with recommendations from additional technical, planning and initial business case analysis for each project in Toronto's transit network plan including SmartTrack/GO RER (including Eglinton West LRT), Relief Line, and the Scarborough Transit Network.

Additional time has been required to complete this report to ensure proper consultation and collaboration across City Divisions, the Toronto Transit Commission, Metrolinx and the Province of Ontario.
