To Whom It May Concern:

On behalf of the Queen Street West Business Improvement Area, we hereby endorse the proposal to create a Safe Injection Site in the Queen West Community Health Centre at Queen & Bathurst.

We believe this project serves the best interests of our community and public health by reducing harm in relation to drug use in and around our neighbourhood.

We trust the City of Toronto will enact proactive safety and security measures to help ensure the Safety Injection Sites operate as safely and successfully as possible without adverse effect on the surrounding neighbourhood.

We are proud to continue working with Ward 20 City Councillor and Chair of the Toronto Drug Strategy, Joe Cressy, on this initiative to improve the health and vibrancy of the Queen West neighbourhood.

Sincerely,

A blue ink signature of Shamez Amlani, consisting of a stylized 'S' followed by a horizontal line.

Shamez Amlani
Chair, Queen Street West BIA
