Subject: 2nd June 2016 Agenda Item PB15.10 AUTHORIZATION TO STUDY BELMONT-HILLSBORO A POTENTIAL HERITAGE CONSERVATION DISTRICT

Toronto Preservation Board & TEYCC:

Yorkville's heritage buildings have suffered greatly at the hands of the wrecker's ball for years, our past ignominiously erased and reduced to piles of rubble.

Conservation of Belmont-Hillsboro is therefore critical to the survival of this enclave, to protect the historical architecture of the 19th century house forms, to recognize Yorkville's famous brickmaking industry, and to ensure the continuance of the low-rise character of the area.

I look forward to learning City Council's authorization to the study.

Sincerely,
Gee Chung
