Subject: Traffic Calming measures in 54 Division

Mr. Nazir,

Thank you for your consideration in asking our Division's opinion on the traffic calming measures being considered for both Glenwood Crescent and Coleman Avenue.

I understand from your email that both streets satisfy the installation criteria for calming devices. I certainly understand that the residents want traffic slowed down in their neighborhoods, and this will lead to a safer community.

The only caveat I add is that these bumps are a hindrance to emergency vehicles. What slows vehicular traffic, also slows emergency vehicle traffic.

I recognize, however, that emergency vehicles are less frequent than other vehicles that use the street. Therefore, residents may feel the "trade-off" is certainly worth it.

Paul MacIntyre
Inspector # 32
No. 54 Division
41 Cranfield Road, Toronto
