To whom it may concern,

This letter is our formal request to be considered an Event of Municipal Significance by the Toronto & East York Community Council for the launch party of Katalyst Brewing Company, and our flagship beer, Symington Saison.

Katalyst Brewing is a new brewery, currently contract brewing out of Cool Beer Brewing in Toronto. We have recently been approved and listed with the LCBO (#482356), which has been a major accomplishment. We have also been working with several local restaurants and bars, including the Gaslight (Bloor St. W. & Perth Ave.) to increase our presence and community standing in the area. The future plans are exciting ones for us at Katalyst, in that we are in the process of securing financing and finding a space in the area to open a physical location in the next two years, hopefully repurposing a disused building into a new life. We plan on employing between 5-10 local residents once we are up and running, as well as a variety of trades during construction.

The event will be marketed as “Katalyst Brewing Company and Symington Saison Launch Party”, and the owners of Henderson Brewing Company have generously agreed to host it at their brewery, located at 128A Sterling Road. The purpose of the event is to generate excitement and awareness of where we are, have been, and plan to be within the next two years in the community, as well as celebrate finally achieving our LCBO listing. The event will run from 7pm on December 17, 2016, to 2am on December 18, 2016 and will take place 100% indoors.

We believe that this event and our company will be of both great interest and benefit to the community that we live and work in.

Should you have any further comments or queries, please do not hesitate to contact the undersigned.
