Sept 25, 2017

To the Secretary of the Works Committee

I am writing today on behalf of the Board of Management of the Weston Village BIA re: item PW23.12 - Utility Locate Services for Business Improvement Areas as Required by Ontario One Call that was discussed at the PWIC Committee meeting on Sept 19th. The burden that has been placed on BIA staff and the charges by Hydro One re these locates is very unfair to BIA's and should never have been implemented in the first place.

Here at the Weston BIA, we get roughly two of these locates every day, including weekends which means that staff have to respond to them and contact a locate company to clear them, if necessary.

We are requesting that staff report back on "options and implications for the City coordinating and/or performing Business Improvement Area utility locate services under the City's utility locate services contracts.

If you require any further information from me, feel free to call me any time.

Sincerely

A handwritten signature in blue ink, appearing to read "Masum Hossain".
