<b>Budget Committee Item (BU28.1)</b>  <b>Corporate</b>  Capital Briefing Note #1	A briefing note entitled " <i>State of Good Repair (SOGR) Backlog</i> " was distributed to the Budget Committee on December 16, 2016 for the Budget Committee Meeting on December 20, 2016.	This briefing note presents the State of Good Repair (SOGR) Backlog for Tax Supported City Programs and Agencies, and the impact on the backlog as a result of the recommended planned investment.  The 2017 – 2026 Preliminary Tax Supported Capital Budget and Plan includes \$13.629 billion or 52% funding devoted to State of Good Repair projects. This capital investment will reduce SOGR backlog over the 10-year planning period, from 9.6% as a percentage of total asset value in 2017 to 6.5% of total asset value in 2026.	Deferred to Wrap-up Budget Committee meeting of January 12, 2017

		<p>Business Cases. For details, please refer to the agenda item BU29.1v in the Operating Wrap-Up Notes.</p> <ul style="list-style-type: none"> <li>▪ An estimated \$320-\$866 million of capital investment is required community-wide to implement the TransformTO Short-term Strategies. In this context and given the significant funding identified, "community-wide investment" means potential financial contributions from all orders of government (i.e. Federal, Provincial and City), plus the private sector and individual property owners. Two scenarios for investment in climate action are described below in terms of impact investment: <ul style="list-style-type: none"> <li>➤ Low scenario: A community-wide investment of \$320 million represents a moderate scale-up and enhancement of existing City programs and new programs, which could achieve an additional 455,000 tonnes of emissions reductions by 2020.</li> <li>➤ High scenario: A community-wide investment of \$866 million represents an aggressive scale-up and enhancement of existing City programs and new programs, which could achieve an additional 857,000 tonnes of emissions reductions.</li> </ul> </li> <li>▪ Capital funding of \$5.0 million is currently included in the 2017 Preliminary Capital Budget funded through recoverable debt for TransformTO initiatives. It is estimated that an incremental \$5.0 million per year will be required for 2018-2020 for a total of \$15.0 million to be funded by the City. Capital funding identified in the staff report of \$320M-\$866M is community wide, and any additional amount funded from the City would be dependent on what can be secured through external funding sources.</li> </ul>

		<p>With respect to the funding strategy, staff are monitoring and engaging with provincial and federal counterparts in pursuit of available funding that is aligned with the City's climate change priorities. It is unknown at this time what level of financial support and timing of investment that is to be expected by other levels of government, external parties and the portion to be City funded. Subject to the availability of third party financing, the City's priority and the debt funding capacity and affordability will need to be assessed by City Council relative to unfunded capital needs.</p>	
<p><b>Budget Committee Item (BU29.1w)</b></p> <p><b>Toronto and Region Conservation Authority</b></p> <p>Report</p>	<p>The report dated January 9, 2017 from the Deputy City Manager &amp; Chief Financial Officer entitled "<i>Toronto and Region Conservation Authority – Long Term Accommodation Plan</i>" recommends that:</p> <ol style="list-style-type: none"> <li>1. City Council endorse the TRCA plan to construct a new administrative office building on land it currently owns, with a total project cost of \$70 million, requiring \$60 million in debt financing to be arranged by the TRCA and funded by its member municipalities as follows: \$10.5 million over 21 years that is currently available within all member municipality Operating and/or Capital Budgets); and \$49.5 million over 33 years which includes the City share of \$38.617 million.</li> <li>2. A new capital project titled "TRCA Long Term Accommodation Project" with a total project cost of \$38.617 million be included in the TRCA's 2017 Preliminary Capital Budget and 2018-2026 Capital Plan to fund the City of Toronto portion of the project over 33 years, with annual cash flows of \$0.322 million from 2017 to 2022 and \$1.502 million from 2023 to 2026 and until its completion in 2037 as follows: <ol style="list-style-type: none"> <li>a) the funding of \$0.322 million from the planned project titled "Major Facilities Retrofit" be</li> </ol> </li> </ol>	<p>This report recommends City Council's formal support of the Toronto and Region Conservation Authority (TRCA) for its plan to construct a new administrative office building on land it owns in the City of Toronto.</p> <p>The TRCA examined its long term accommodation needs and determined that the option to build on its own land is the most cost effective solution.</p> <p>City of Toronto staff reviewed the business case analysis presented by the TRCA which examined the relative costs, benefits and risks associated with various build, buy or lease of office space scenarios and confirmed that the option to build on its own land is the most cost effective solution.</p> <p>The TRCA requires endorsement by the City of Toronto in order to secure funding to proceed with the project.</p>	<p>Deferred to Final Wrap-up Budget Committee meeting of January 24, 2017</p>

City Council authorize the Deputy City Manager and Chief Financial Officer to adjust the following 2017 Preliminary Capital Budgets to fund the 16 Participatory Budgeting pilot projects detailed below:             <ol style="list-style-type: none"> <li>a. The Parks, Forestry and Recreation 2017 Preliminary Capital Budget be increased by \$545,000 gross, \$0 debt for:                 <ul style="list-style-type: none"> <li>▪ the following (Oakridge, Ward 33) Participatory Budgeting projects to be funded from Account XR2207 Parkland Acquisition - North District Local Development Reserve Fund at a cost of \$150,000 gross, \$0 debt:                     <ul style="list-style-type: none"> <li>➤ Fitness Track at Linus Park - \$100,000 gross, \$0 debt;</li> </ul> </li> </ul> </li> </ol> </li> </ol>	<p>This report authorizes the Deputy City Manager &amp; Chief Financial Officer to fund the cost of community improvements in the amount of \$545,000 gross, \$0 debt from the Parkland Acquisition Reserve Fund, and \$185,000 gross, \$0 debt from the Public Realm Reserve Fund.</p> <p>2016 is the second year of a three-year Participatory Budgeting Pilot Project. This pilot project is being evaluated in three neighbourhoods: Oakridge (Ward 35), Rustic (Ward 12), and across all of Ward 33.</p> <p>As part of this process, residents propose, develop and vote on local community improvement projects. Each community has up to \$250,000 to spend on capital projects on City-owned property. This year's votes concluded in December and residents from these three neighbourhoods selected a total of 16 community projects at a total cost of \$730,000.</p> <p>Approval of the recommendations of this report will result in an increase of \$730,000 to the 2017 Preliminary</p>	<p>Adopted</p>

		<p>government (i.e. Federal, Provincial and City), plus the private sector and individual property owners. Two scenarios for investment in climate action are described below in terms of impact investment:</p> <ul style="list-style-type: none"> <li>➤ Low scenario: A community-wide investment of \$320 million represents a moderate scale-up and enhancement of existing City programs and new programs, which could achieve an additional 455,000 tonnes of emissions reductions by 2020.</li> <li>➤ High scenario: A community-wide investment of \$866 million represents an aggressive scale-up and enhancement of existing City programs and new programs, which could achieve an additional 857,000 tonnes of emissions reductions.</li> </ul> <ul style="list-style-type: none"> <li>▪ Capital funding of \$5.0 million is currently included in the 2017 Preliminary Capital Budget funded through recoverable debt for TransformTO initiatives. It is estimated that an incremental \$5.0 million per year will be required for 2018-2020 for a total of \$15.0 million to be funded by the City. Capital funding identified in the staff report of \$320M-\$866M is community wide, and any additional amount funded from the City would be dependent on what can be secured through external funding sources.</li> </ul> <p>With respect to the funding strategy, staff are monitoring and engaging with provincial and federal counterparts in pursuit of available funding that is aligned with the City's climate change priorities. It is unknown at this time what level of financial support and timing of investment that is to be expected by other levels of government, external parties and the portion to be City funded. Subject to the availability of third party financing, the City's priority and the debt funding capacity and affordability will need</p>
