To the City Clerk:

Please add my comments to the agenda for the May 16, 2017 Executive Committee meeting on item 2017.EX25.1, Advancing Planning and Design for the Relief Line and Yonge Subway Extension

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments:

The Ontario Science Centre is one of Toronto's leading cultural landmarks and a favourite school trip destination for generations of students. As a strong municipal partner in the Don Mills and Eglinton area, the Ontario Science Centre has been actively engaged in the dialogue to maximize the positive impact of the Crosstown LRT. The Ontario Science Centre hosts close to 1 million visitors annually and represents a strong community presence within the City. The Ontario Science Centre has been an engaged stakeholder on the crosstown LRT consultations and would like to play a similarly positive role in the Downtown Relief North Line discussion.
