To Whom It May Concern,

Royal Mountain Records is planning a showcase concert in late June in conjunction with our 3rd birthday party and I am writing in order to request an Event of Municipal Significance for our event as it will be taking place outdoors, in the back yard behind our office in the Junction - 3365 Dundas St W, Toronto ON M6S 2R9.

Our event will be called the Royal Mountain Records Summer Barbecue and the purpose of this event is to showcase some of the talented local Toronto music scene and help to enrich the Junction area and to get know some of our neighbours at the same time. We hope that our event help Toronto take its first steps in becoming an internationally recognized music city.

This event will begin at 3:00pm on June 24th and will end at 10:00pm on the same day. There will be a brief set up period on June 22nd and a tear down on June 25th.

If you would like to speak to anyone regarding this request please contact:
