Hi Francine,

Cadillac Fairview is doing a **WINTER WARM UP LOUNGE** at **Shops at Don Mills** starting December 1st and ending December 23rd. We are going to have a 120'x70' area with specialty cocktails and sales with heated lounges for shoppers to come relax. Since we are not considered a farmers market, I need to get 7 SOPs for the 23 day lounge (1 for every 3 days).

I am in need of a letter of **Municipal Significance** again from the city to get the ball rolling for the liquor License.

The dates are as follows:

December 1,6,7,8,13,14,15,20,21,22: 4pm- 11pm

December 2,9,16,23: Noon - 11pm

December 3,10,17: Noon - 9pm

Attached is the floor plan with the dimensions of the area, lounges, 1 opening entrance and exit and fencing.

The letters to the police, fire and public health have been drafted and will be sent once I get confirmation of non objection letter and SOP clearance.

I hope this letter finds you well and I look forward to hearing from you. Any questions, please ask. Thank you so much for this! I believe we are on time this time around ;)

Best,

--
