Attention: Ulli S. Watkiss, City Clerk

Dear Sirs/Mesdames:

RE: Item PG18.5 – Technical Amendments to By-law 569-2013

We are counsel to Mattamy Homes, Yonge Millwood Development Limited, Monarch Waterview Development Limited and Downsview Homes Inc. the owners either directly or indirectly of various lands in the City of Toronto as follows:

1955-1985 Yonge St, Toronto
70 Annie Craig Drive, Etobicoke
65 Annie Craig Drive, Etobicoke
2165 Lake Shore Boulevard West, Etobicoke
35 Carl Hall Rd, Toronto (Keele and Downsview Park Boulevard)

We are writing to address our client's concerns with respect to the Planning and Growth Management Committee's (the "**Committee**") recommendations to amend Section 200.15 of Zoning By-law 569-2013 (the "**Recommendations**"), which propose changes to the accessible parking regulations by making them consistent with the *Provincial Accessibility for Ontarians with Disabilities Act* (Ontario).

March 23, 2017

Page 2

The Recommendations were recently adopted by the Committee and will be considered by the Toronto council (the “**Council**”) on March 28, 2017.

We had an opportunity to review the Report from the Chief Planner and Executive Director, City Planning Division on Technical Amendments to By-law 569-2013, dated January 23, 2017, and draft by-law amendments, which, among other, things, increase accessible parking space dimensions and change stall ratios.

Our clients are concerned that the new Section 200.15 does not contain a transitional clause, which would exempt pre-existing development applications from the new requirements. An absence of such clause will have significant implications for the Property's development. Council should amend the by-law to establish a transitional provision that would recognize applications submitted to the City prior to the amendment coming into force, or those that already have been subject to site specific by-laws, as exempt from the requirements of the new Section 200.15.

We respectfully request that the Council either (i) add a transitional clause to exempt applications currently filed with the City or already approved through site specific by-laws; or (ii) defer deliberations of the Recommendations and refer them back to the Committee for further consideration in order to allow for the new Section 200.15 to be implemented in a fair and reasonable manner.

Please provide us with notice of any Council, committee and/or public meetings considering the proposed amendments. We also request to be notified of any decisions in respect to this matter.

Yours truly,

BENNETT JONES LLP
