

2017-2021 Terms of Reference: TRCA Regional Watershed Alliance

1.0 BACKGROUND

Since the 1980s, Toronto and Region Conservation Authority's (TRCA) watershed and waterfront committees and task forces have been instrumental in supporting the development and implementation of TRCA's watershed management activities. The Rouge Comprehensive Basin Management Strategy (1988), was TRCA's first initiative supported by a citizen based "public committee." The 1989 Greenspace Strategy committed to a program of watershed strategy development for each of TRCA's watersheds in cooperation with a public advisory committee for each watershed. Over the past two decades, the Duffins-Carruthers Watershed Resource Group, Rouge Park Alliance, Don Watershed Regeneration Council, Humber Watershed Alliance and Etobicoke-Mimico Watersheds Coalition have played a significant role in building community stewardship capacity to help TRCA deliver on priorities of watersheds and waterfront. Watershed and waterfront residents and stakeholders are also engaged through Conservation Lands stewardship committees and integrated/multi-objective or sector-based programs such as Sustainable Neighbourhood Retrofit Action Plans (SNAP) and Partners in Project Green: A Pearson Eco-Business Zone (PPG).

TRCA's 2013-2022 Strategic Plan highlights regional sustainability challenges of increasing scope and scale - such as preparing for the impacts of climate change, transitioning to a low carbon economy, managing urbanization and growth pressures. The Plan also calls for regional engagement of a broad cross-section of the population at both local and regional scales within TRCA's jurisdiction. As such, in 2015, upon the completion of the existing terms for the Don, Humber and Etobicoke-Mimico watershed committees, the Authority directed staff to update TRCA's community-focused engagement model in light of new trends and opportunities in civic engagement and to facilitate the implementation of the Strategic Plan.

On June 23, 2017, at Authority Meeting #8/17, The Community Engagement Strategy along with a new citizen governance model was adopted. The new citizen governance model includes the Regional Watershed Alliance (RWA), and its subcommittees; Youth Council, Watershed/Waterfront Working Groups. An Indigenous Liaison Committee to the Authority has also been approved as part of the proposed governance model (Refer to Attachment 1). The RWA is a formal community-based committee of TRCA which will report to the Authority on regular basis.
