

REPORT FOR INFORMATION

Supplemental Report – Ontario's Action Plan for Seniors Includes a Focus on Long-Term Care

Date: May 11, 2018
To: City Council
From: General Manager, Long-Term Care Homes & Services
Wards: All

SUMMARY

During Community Development and Recreation Committee's consideration of the report, Ontario's Action Plan for Seniors Includes a Focus on Long-Term Care, a request was made to provide Members of Council with a map showing the location of the 84 long-term care homes in Toronto, highlighting those operated by the City, and all of those requiring mandatory redevelopment.

FINANCIAL IMPACT

There is no financial impact arising from this report.

The Acting Chief Financial Officer has reviewed this report and agrees with the financial impact information.

DECISION HISTORY

The report, Ontario's Action Plan for Seniors Includes a Focus on Long-Term Care, was considered by Community Development and Recreation Committee on May 9, 2018 and was adopted with amendments.

The decision document can be reviewed here:

COMMENTS

In 2015 when preparing the Long-Term Care Homes & Services' Capital Renewal Plan, staff had a map created to show locations of the 84 long-term care homes operating within the City of Toronto, indicating those requiring mandatory redevelopment to meet new design standards. The map also included information about the percentage of individuals age 65 or older by ward as of 2015.

At that time, there were 6 City-operated homes requiring redevelopment. Since then, Kipling Acres, a 337 bed home within the Central West Local Health Integration Network (Ward 2) has been redeveloped. There are currently 5 City of Toronto directly-operated homes requiring redevelopment, shown as red squares, on the map, Appendix A:

Castlevue Wychwood Towers	Toronto Central LHIN	Ward 21
Carefree Lodge	Central LHIN	Ward 24
Fudger House	Toronto Central LHIN	Ward 28
Lakeshore Lodge	Toronto Central LHIN	Ward 6
Seven Oaks	Central East LHIN	Ward 43

For further context, map Appendix B reflects the City of Toronto boundaries overlaid with the boundaries of the 5 Local Health Integration Networks (LHINs).
