

Installation of On-Street Accessible Parking Space - EYD - December 2017 (Non-Delegated)

Date: December 14, 2017
To: Etobicoke York Community Council
From: Director, Transportation Services, Etobicoke York District
Wards: Ward 13, Parkdale High-Park

SUMMARY

The purpose of this report is to obtain approval for the installation of an on-street accessible parking space for persons with disabilities.

As the Toronto Transit Commission (TTC) operates a transit service on the subject street, City Council approval of this report is required.

RECOMMENDATIONS

The Director, Transportation Services, Etobicoke York District recommends that:

1. City Council approve the installation of an on-street accessible parking space at the location identified in Appendix A attached to the report dated December 14, 2017, from the Director, Transportation Services, Etobicoke York District.

FINANCIAL IMPACT

Funds in the amount of \$300.00 are available within the Transportation Services Division's 2018 Interim Operating Budget.

DECISION HISTORY

This report addresses a new initiative.

The Transportation Services Division receives numerous requests for the installation of on-street accessible parking spaces for persons with disabilities. Some of these

requests come directly from members of the public and others are received through the local Councillors' offices.

The installation of designated on-street accessible parking spaces is a convenience provided for people with disabilities and/or those who transport them, making it easier for them to find available parking as near as possible to their places of residence or intended destinations and reducing the distances that the disabled people must walk. Delays in installing these on-street accessible spaces may create hardships for disabled applicants.

COMMENTS

Transportation Services staff have investigated the feasibility of installing an on-street accessible parking space at the location identified in Appendix A included in this report. This section of roadway is served by a TTC transit route.

The applicant is a holder of a valid Accessible Parking Permits issued by the Ministry of Transportation and the designated space will not result in the loss of more than one on-street parking space for general use.
