To Whom It May Concern,

It is our understanding that the property located at 230 Sherbourne Street is owned by the City and you are considering what to do with that property.

LOFT Community Services would like to recommend that this property be used for supportive housing. We operate a site at 237 Sherbourne and 230 Sherbourne would be a terrific resource for supportive housing. We would also be open to moving our 24/7 hour services to the new building to support the health of the building and maintain our current building as affordable housing.

Thank-you for your consideration.

A handwritten signature in blue ink that reads "Heather McDonald".
