Toronto 360 Wayfinding Signs at Exhibition Place - by Councillor Mark Grimes, seconded by Councillor Stephen Holyday

** Notice of this Motion has been given.*

** This Motion is subject to referral to the Executive Committee. A two-thirds vote is required to waive referral.*

Recommendations

Councillor Mark Grimes, seconded by Councillor Stephen Holyday, recommends that:

1. City Council amend the Approved 2019-2028 Capital Budget and Plan for Transportation Services by creating a new TO360 Exhibition Place Wayfinding project with total 2019 project costs of \$128,722.30 gross and \$0 debt, cash flowed in 2019, fully funded from the TO360 Reserve Fund (XR1414) which includes funding provided by Exhibition Place for the supply and installation of Toronto 360 (TO360) Wayfinding on-street signs on Exhibition Place property, and the replacement of a map on an existing TO360 on-street sign, in accordance with an Agreement executed between the City of Toronto and Exhibition Place.

Summary

The Toronto 360 "TO360" Wayfinding project is a multi-modal wayfinding system that includes pedestrian, vehicular, cycling and transit wayfinding information delivered by the Transportation Services Division. Following the successful completion of a pilot project in the downtown core, TO360 is being rolled out City-wide. Approximately 225 TO360 on-street signs and 500 Bikeshare station wayfinding maps will be completed by the end of 2019.

As part of City-wide rollout, Exhibition Place has requested that Transportation Services supply and install nine (9) on-street wayfinding signs on Exhibition Place property in 2019. This installation represents the second and final phase of TO360 wayfinding sign installations at Exhibition Place, and will help meet the objectives of Exhibition Place's wayfinding masterplan.

Exhibition Place has further requested that Transportation Services update a map on an existing TO360 on-street sign on Exhibition Place property to reflect the most current venue names.

When completed, TO360 wayfinding signs will be available to residents and visitors at key decision points within Exhibition Place. This signage will link seamlessly with other TO360 signs in the community to create seamless wayfinding in the area.

An Agreement has been executed between the City of Toronto and Exhibition Place that stipulates the terms and conditions of this partnership.
