Toronto and East York Community Council  
100 Queen Street West  
Toronto, ON M5H 2N2

Dear Chair and Members,

**NEW BUSINESS REQUEST: Parking Amendment – Rogers Road**

**BACKGROUND:**

My office was informed that the residential driveway at 335 Caledonia Road is often being blocked by parked vehicles. Parking Enforcement has often been called to enforce, but they can only do so much. Traffic Operations staff have reviewed this issue and recommended the installation of a 'no stopping' regulation at this location in order to address this ongoing matter. City staff further advised that this change would result in the loss of about half of a legal parking space between the driveway and Hydro pole (P327), which is negligible. The purpose of this motion is to implement this 'no stopping' rule in order to prevent the driveway in question from being blocked.

**RECOMMENDATIONS:**

The Toronto and East York Community Council Recommends that:

1. City Council prohibit stopping at all times on the south side of Rogers Road, between a point 54.5 metres west of Caledonia Road and a point 44.5 metres east of Gilbert Avenue.
2. City Council rescind the existing one-hour maximum parking regulation in effect from 8:00 a.m. to 6:00 p.m., Monday to Saturday, on the south side of Rogers Road, between a point 54.5 metres west of Caledonia Road and a point 44.5 metres east of Gilbert Avenue.

Thank you for your consideration.

Sincerely,

Ana Bailão  
Deputy Mayor  
Councillor, Ward 9 - Davenport
