The primary purpose of the audits was to express an opinion on the financial position of the BIAs as at that date and on the results of their operations for the year then ended.

Given the test nature of my audits, you will appreciate that reliance must be placed on adequate methods of internal control as the Business Improvement Areas' principal safeguard against irregularities which a test examination may not disclose.

During the course of the audits I followed up actions taken on recommendations made in the previous management letters and noted that BIAs have implemented all of my recommendations. In addition, no new significant issues were identified to warrant management letter comments. Accordingly, no management letters were issued for the above-mentioned Business Improvement Areas.
