

Toronto Accessibility Advisory Committee

November 20, 2020

Presented by Dr. Eileen de Villa
Medical Officer of Health,
Toronto Public Health

- Case Counts
- Hospitalizations
- Intensive Care Unit (ICU)
- Outbreaks

Sociodemographic Information:

- Collaboration with partners to collect data retrospectively

Hotline and Case and Contact Management examples:

- Provide COVID-19 test results,
- Consult and refer clients to services and resources in the community where people reside,
- Ensure an adequate number of accessible rooms at Toronto Voluntary Isolation Centre.

- Community Outreach Rapid Response Team
 - e.g. outreach to community agencies
- Consult and provide advice on COVID-19 guidelines to create adaptive and inclusive programs
 - Community Organizations
 - City Services and Schools

- Publish advice for specific needs
- Create infographics
- Provide ASL interpreters
- Ensure accessible website

- Contribute to the City of Toronto Health Equity Action Plan
- Advocate for Provincial Health Equity Action Plan

My mask
protects you
& your mask
protects me.

Protect each other. Wear a mask.

- Advocacy to Health System Partners
- Advocate for:
 - Options for COVID-19 testing to homebound individuals
 - Accessibility of COVID-19 Assessment Centres
 - Testing options for individuals with medical complexities

Knowing the need there is in our community, we know there is more that we can do and more that we can encourage other partners to do.

We look forward to learning and working with you.
