

IE18.2.5

North York Centre: Doris Ave. Extension (South Service Road) – Bonnington Pl. & Tradewind Ave.

Submission to: Infrastructure & Environment Committee December 1, 2020

I have been a resident near Yonge & Sheppard for over 60 years and I am President of the West Lansing Homeowners' Association representing approx. 1,200 homes bounded to the North by Sheppard Ave, to the South by the 401, to the East by Yonge St and to the West by the Don Valley.

I have seen this Service Road implementation drag on for over a decade.

I respectfully request that you proceed directly to Phase 2 ASAP. I fail to understand how it is possible that this plan to connect Doris that has been in place for over a decade now, has to wait even longer and be implemented in two phases.

Why does this City constantly do things twice instead of doing it right the first time?

Please don't do it twice.

Respectfully,

Michael Capotosto, President
West Lansing Homeowners' Association
