Scarborough Community Council

Subject: Item 13.16 re: City Staff Report – installation of traffic control signal at Meadowvale Rd./Lawrence Ave. East

On behalf of the Highland Creek Community Association (HCCA), this is to advise of our support of the Centennial Community Recreational Association's (CCRA) request for the installation of a traffic control signal at the intersection of Meadowvale Road and Lawrence Avenue East in Ward 25.

The rationale and reasoning for this support is clearly outlined in the letter of January 28, 2020 submitted by Kathy Rowe, President, CCRA.

Sincerely,

David Adamson, President
Highland Creek Community Association

c.c. Kathy Rowe, Ryan Pyne
