As you may know, Toronto City Council approved the Community Benefits Framework in 2019. This aligned the City's poverty reduction and economic development efforts with the organizing taking place in neighbourhoods for over a decade. It also set a course for how we can better leverage our public resources (investments, land, tax incentives) to ensure equitable economic opportunities for community members who have been historically and persistently economically, politically and socially marginalized.

In the midst of a global pandemic, which has exacerbated the existing economic, social and environmental crisis in neighbourhoods across Toronto, it must be clear the only way forward is through racial economic justice, climate justice and regenerative local economies. NOW is time for the City to take bold leadership to deliver a well-built society that is also worth living in—a society that is built on the values of collective well-being and intelligent investment.

As your constituent, I am writing to ask you to work with your colleagues to support a strong City of Toronto Community Benefits Framework by implementing the following recommendations:

- Require signed Community Benefits Agreements for all large scale capital projects and ensure equitable community engagement processes for each
- Set a 10% minimum hard target for equity hiring on all large scale capital projects
- Collect, track and report disaggregated data (gender, race, age and geography) of all employees on projects that apply under the Community Benefits Framework
- Designate TCBN as a strategic City partner to support the negotiations, implementation, monitoring and evaluation functions of the City's Community Benefits Framework, including but not limited to implementing

targeted programs to
engage and support women, youth, Black, Indigenous and racialized
communities access to the jobs and opportunities created through community
benefits.

We will be paying close attention to the amendments we are calling for at
January's Executive Committee and City Council meetings.

Sincerely,

A handwritten signature in black ink that reads "Luanne Rayvals". The signature is fluid and cursive, with a long horizontal stroke extending to the right from the end of the name.
