Dear Mayor Tory, Councillor Wong-Tam and Members of Council:

Re: Item IE19.11 – yongeTOmorrow Municipal Class EA

Tenblock is a developer and owner of multi-family housing near the yongeTOmorrow Municipal Class EA on Yonge Street from Queen Street to College/Carlton Street.

We are writing to express support for the Recommended Design Concept. The watermain renewal is a generational opportunity to reimagine and improve this street at the heart of Toronto. The Recommended Design Concept is an appropriate physical design that allows detailed design and capital work to advance, while being a flexible foundation for further operational design.

Respectfully submitted for your consideration,

Tenblock
