12th floor, West Tower, City Hall 100 Queen Street West Toronto, ON M5H 2N2 Attention: Marilyn Toft

## IE26.16 TransformTO - Critical Steps for Net Zero by 2040

Dear Mayor John Tory and Members of City Council,

This is to express our strong support for this report and its recommendations. We do however question whether the City has a mechanism in place to ensure that its policies are in sync with respect to the City's approved Climate goals. We believe this continues to be an issue. For example elsewhere on City Council's agenda:

## PH29.2 t Changing Lanes: The City of Toronto's Review of Laneway Suites - Monitoring Program and Zoning By-law Amendments- Final

The proposed reduction of the soft landscaping requirement in the Laneway Suites by-law is contrary to the Climate imperative to maintain or enhance protection for soft landscaping in the Zoning Bylaws.

## IE26.6 Actions to Reaffirm Toronto's Tree Canopy Target.

The tree protection bylaw has to be strengthened to protect trees greater than or equal to 20 cm diameter.

We believe that in order to strengthen City polices, and to resolve conflicting policies the City needs a "Climate Tsar" with a mandate to examine proposed policies, and enough heft to ensure that Climate friendly policies are presented to City Council for approval.

It is recommended:

• That City Council direct the City Manager to examine and report back in the First Quarter of 2022 regarding any necessary changes to the organizational structure of the Toronto Public Service required to ensure that it has the appropriate organization and especially senior positions to effectively achieve the City's TransformTO Goals. Geoff Kettel Co-Chair, FoNTRA Cathie Macdonald Co-Chair, FoNTRA

Cc: Chris Murray, City Manager Josie Scioli, Deputy City Manager, Corporate Services Gregg Lintern, Chief Planner and Executive Director, City Planning Division Janie Romoff, General Manager, Parks, Forestry and Recreation Nancy Ruscica, Interim Director, Environment & Energy Division

**The Federation of North Toronto Residents' Associations (FoNTRA)** is a non-profit, volunteer organization comprised of over 30 member organizations. Its members, all residents' associations, include at least 170,000 Toronto residents within their boundaries. The residents' associations that make up FoNTRA believe that Ontario and Toronto can and should achieve better development. Its central issue is not *whether* Toronto will grow, but *how*. FoNTRA believes that sustainable urban regions are characterized by environmental balance, fiscal viability, infrastructure investment and social renewal.
