Subject: E19.9 ACTION Ward: 2, 3 Completion of the Six Points Interchange Reconfiguration - Traffic Regulation Amendments
Categories: Communication

Dear Mr. Green and Councillor McKelvie and Members of Committee:

I am writing respecting Item 19.9 of the Infrastructure and Environment Committee regarding the Completion of the Six Points Interchange Reconfiguration.

Recommendation 21 is as follows:

21. City Council rescind the existing northbound left-turn prohibition on Beamish Avenue at Bloor Street West.

Considering that this Road will be subject to a very large redevelopment proposal coming to Council sometime in 2021 I would ask that this item be deferred and considered along with the proposed application.

Also I thought it was actually Beamish Drive and not Avenue.

Thank you for your consideration.

Irene Jones
