**RE: IE19.12 - ActiveTO and Accessibility**

Dear Chair Jennifer McKelvie and Members of Infrastructure and Environment Committee,

Cycle Don Valley Midtown (CDVM) is the cycling advocate for Wards 15 and 16, in liaison with Cycle Toronto. (Please note that this communication represents the view of CDVM on the issue, not necessarily that of Cycle Toronto).

CDVM has reviewed and is in support of the presentation on ActiveTO and Accessibility by the Manager of Cycling and Pedestrian Projects to the Toronto Accessibility Advisory Committee. The presentation demonstrates an inclusive approach to development of cycling and walking infrastructure, including the development of On-Street Bikeway Design Guidelines, incorporating experimentation and demonstrating flexibility in the process.

We agree that it is important that ActiveTO move quickly, but also work towards solutions that accommodate everyone. Congratulations to Becky Katz and her staff!

Respectfully submitted,

Geoff Kettel, Holly Reid, Najia Zewari and J. Richard Nelson  
for Cycle Don Valley Midtown

c.c. Councillor Denzil Minnan Wong, Ward 16  
Councillor Jaye Robinson, Ward 15  
Barbara Gray, General Manager, Transportation Services  
Jacquelyn Hayward Gulati, Director, Project Design and Management, Transportation Services.  
Becky Katz, Manager, Cycling and Pedestrian Projects, Transportation Services  
Michael Longfield, Interim Executive Director, Cycle Toronto
