Subject: My comments/questions for 2021.IE19.11 on January 11, 2021 Infrastructure and Environment Committee
Date: Thursday, January 7, 2021 4:11:44 PM

To the City Clerk:

Please add my comments to the agenda for the January 11, 2021 Infrastructure and Environment Committee meeting on item 2021.IE19.11, Yonge Tomorrow - Municipal Class Environmental Assessment on Yonge Street from Queen Street to College/Carlton Street

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments/Questions submitted:

1 – Regarding the Recommended Design Concept 4D, when is it expected that it will receive final approvals?

2 – When will the Yonge St. construction time (as currently proposed from 2023 – 2025) be expected to be confirmed? What will be the lead time for the project before it begins? Will the construction be phased on Yonge St; what is the breakdown by area/timing?

3 - What are the next steps in the process from this Jan 11-21 meeting/when is it expected that all final required approvals will be in place for Yonge St reconstruction/water main work?

4 – With the Yonge St reconstruction/water main work/duration of time to complete work, retailers will be impacted/disrupted/experience loss of traffic, sales, etc; what is the plan/further details in respect of the City addressing and in providing for compensation to retailers in this regard.

Thank you for the opportunity to comment/submit questions on Yonge Tomorrow; will await further information and correspondence concerning the above.
