### Application to Remove a Private Tree - 31 Norden Crescent

#### City Council Decision

City Council on October 1 and 4, 2021, referred Item NY26.35 back to the North York Community Council for further consideration.

#### Community Council Recommendations

North York Community Council recommends that:

1. City Council deny the request for a permit to remove one privately owned tree located at 31 Norden Crescent.

#### Summary

This report requests that City Council deny the request for a permit to remove one privately owned tree located in the rear yard at 31 Norden Crescent. The application indicates the reason for removal is due concerns over safety and damage to adjacent hardscape features, both caused by falling walnuts.

The subject tree is a black walnut (*Juglans nigra*), measuring 74 cm in diameter. The Tree By-laws do not support the removal of this tree as it is healthy and maintainable.

#### Financial Impact

There are no financial implications resulting from the adoption of this report.
