PROPOSAL

The City is proposing to amend the Etobicoke Zoning Code and Site-specific Zoning By-law 1088-2002 and the City-wide Zoning By-law 569-2013 for the lands located northwest of the intersection of Dundas Street West and Kipling Avenue, and the lands located southeast of the intersection of Dundas Street West and Kipling Avenue to permit the development of two mixed-use development blocks (shown as Block 1 and Block 5 on the attached map) that comprise 1,229 residential units, 8,220 square metres of non-residential gross floor area, and a linear park. The proposal also includes a new 0.55 hectare public park located between Dundas Street West and the rail corridor (shown as Block 2 on the attached map). The two mixed-use development blocks will include varying base building heights, and two towers on each block that will have maximum floor plates of 750 square metres. The proposed developments and public parks are part of the phased redevelopment of the former location of the Six Points Interchange and would implement the Bloor-Kipling Block Context Plan.
