Dear fellow Torontonians,

Having sat on the Working group for Canada Square, I can vouch for the energy and harmony it had, and on the power of the collective vision. I do urge you to accept the motion from councillors Robinson, Matlow and Colle, and to go forward with the proposal from chief planner Lintern: to study the implications of our design for a real city centre at Yonge and Eglinton, on the TTC and Canada Square lands.

Tom Cohen

Chair, Eglinton Park Residents' Association
