

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Safe, Inclusive Communities	1.0	Continuation of 12 month Actions	i. Ongoing enhanced cleaning service level in streets	Transportation Services	Action Continuing: Enhanced service levels includes daily cleaning for arterial roads, biweekly cleaning for the other local roads and cleaning of the Astral bins 2 times per week. Transportation Services also undertook an Astral Bin condition assessment as part of the 90 Day Action Plan to ensure sufficient cleaning in the transition to spring in the Yonge Dundas area. Transportation Services enhanced the review and enforcement of construction infractions.
			ii. Enhanced cleaning service level in laneways	Solid Waste Management Services (SWMS)	Action Continuing: Enhanced service levels include cleaning by City crews SWMS collects bins around Yonge/Dundas - 3 times daily, more often if needed. Service Requests for overflow Astral Bins: Response time within 24 hours Harm Reduction Waste DTE - manual cleaning 3 - 4 times daily, 7 days/week DTE - Litter Vacuum machine once daily, 7 days/week as weather permits 7 days/week "twice daily, 7 days/week, as weather permits" DTE - Mechanical sweeping once daily, 7 days/week DTE - Discarded sharps removal - 24 Hour Response time - 7 days per week DTE Laneways (O'keefe Lane, Victoria Lane, Oskenonton Lane, Central Hospital Lane etc...) Service Level (Peak Season - March - October) 4 - times daily, 7 days per week
			iii. Enhanced cleaning service level in parks	Parks Forestry and Recreation (PFR)	Action Continuing: Enhanced service levels include cleaning by City crews. This has been implemented since 2018 and is now part of base budget and park service levels. Throughout the pandemic, service levels increased from 9 months to 12 months per year due to the increase in needles and drug debris resulting from encampments and the opioid crisis.
			iv. Continuation of community safety tables and completion of projects underway in 2019 (laneway art project and traffic calming project at Dundas and Sherbourne)	Social Development, Finance and Administration (SDFA), Transportation Services	Action Continuing: The Church Wellesley Safety Network is active and continues to meet monthly with participation from residents, community agencies and City staff. The laneway art project was postponed as it did not address community priorities. The Dundas - Sherbourne / Moss Park Network was active prior to COVID and a network or other mechanism for community engagement on safety issues will be activated going forward.
Safe, Inclusive Communities	1.1	Community Engagement Team Pilot at Dundas and Yonge	i. Community Engagement Team led by the Downtown Yonge BIA providing timely response to calls for social disorder in the area.	SDFA	Action Complete and Continuing: The City has provided funding to support the Community Engagement Team (CET). Outreach with other agencies and groups is happening 3-6 times per week, offering wellness checks, counselling, referrals and other engagements with community members. New outreach work is being conducted through a partnership with TTC and TPH. TTC is conducting paired outreach twice per week in the community.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Safe, Inclusive Communities	1.2	Training of City Staff and Agencies	i. Provide training on mental health, overdose prevention, suicide prevention and de-escalation to frontline City and community agency staff in the Downtown East	SDFA	Action Complete and Continuing: Resources have been invested to ensure trainings are delivered in partnership with community agencies free of charge. 22 trauma-informed trainings reaching over 1200 people have been provided since 2020 for City staff and agency staff, with at least 3 more trainings planned for 2022. Trainings equip frontline staff to better support people experiencing marginalization. Trainings have included Introduction to Traumatic Brain Injury, Mental Health First Aid for frontline staff and later in 2022, a call for a community-based agency to provide anti-oppressive and trauma-informed mental health supports for Black staff.
			ii. Training schedule created and shared for subsequent 6 months	SDFA	Action Complete and Continuing: Training schedule shared with City and agency staff will be updated as more trainings are offered.
Safe, Inclusive Communities	1.3	Inclusive and Safe Community Spaces	i. Opportunities identified to improve access to safe indoor/outdoor spaces for marginalized people to spend time in the Downtown East	PFR	Action Complete and Continuing: Three community centres in the Downtown East, Wellesley Community Centre, John Innes Community Centre, and Regent Park Community Centre, are free centres. Programs and services that are free at these community centres include: registered and drop-in programs for all age groups, passes and memberships for all age groups to fitness centres and weight rooms, permits for local non-profit groups in rooms, gyms, and kitchens for all age groups. As part of the Moss Park redevelopment, the John Innes Community Centre will be redeveloped. The introduction of this new facility will provide local services to Downtown East populations, in and around the Moss Park area. At the John Innes Community Centre, PFR has committed service time for the homeless. In addition, a washroom will be open for individuals to access shower services.
			ii. Increased capacity for PFR and Library staff to accommodate marginalized people in their spaces	PFR	Action Complete and Continuing: At the Regent Park Community Centre, there is an open and welcoming space for individuals (with a focus on marginalized people in the Downtown East) to rest and socialize. PFR continues to identify opportunities to enhance access to services and programs for Downtown East populations.
Cross-Sectoral Trust and Collaboration	2.0	Continuation of 12 month Collaboration Actions	i. Roll out and quarterly reporting from multi-divisional data tool to inform response to public realm concerns in the Downtown East	SDFA with 311, Fire, Police	Action Continuing: Action has been taken to gather data with inputs from multiple divisions. Progress on this work was paused with the pandemic due to staff redeployment but has been resumed in 2022 as part of the 90 Day Action Plan response. Data from the intervention pilots is also informing this work. The cross-divisional contributions to this 90 Day response will be expanded to the broader Downtown East geography.
			ii. Continued bimonthly meetings of the Street Outreach committee	Toronto Public Health(TPH)	Action Continuing: The Street Outreach Committee, led by Toronto Public Health brings together staff from groups conducting outreach in the Downtown East to share situational update and resources. These bi-monthly meetings are continuing.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Cross-Sectoral Trust and Collaboration	2.1	Coordinated Response to Properties in Downtown East	i. Establish coordinated response to properties working group, with quarterly meetings to proactively address issues in Downtown East	Municipal Licensing and Standards (MLS) with S DFA	Action Complete and Continuing: Hotspots are being triaged in partnership with other organizations and the Downtown Yonge BIA. MLS monitors the Downtown East pilot area to identify, investigate and ensure compliance with City of Toronto by-laws, such as Chapter 629, Property Standards, Chapter 632, Properties, Vacant and Hazardous and other by-laws under the enforcement jurisdiction of MLS. MLS staff conduct monthly patrols of the Downtown East pilot area with the BIA and other divisional partners such as Transportation Services, Parks, Forestry and Recreation and Solid Waste Management Services to regularly identify concerns and ensure a coordinated enforcement effort so that bylaw violations are promptly and efficiently resolved, either through education with local businesses and property owners or through escalated enforcement action. Cooperation with local businesses has been largely successful in resolving issues, particularly regarding illegal waste storage in the laneways in the Downtown East. Regular patrols have resulted in a significant reduction of general waste issues, particularly in these laneways. Between January, 2021 and March, 2022, MLS investigated 328 service requests in the Downtown East area, including those related to property standards, graffiti, busking, illegal vending and waste, resulting in 20 Notices of Violations issued to properties, including several vacant properties, for non-compliance with the City's bylaws.
Cross-Sectoral Trust and Collaboration	2.2	Downtown East Communication Strategy	i. Website updated with centralized resources for community and information about the implementation of the plan	S DFA with TPH, SSHA	Action Item Continuing: A dedicated page has been established on the City website with details regarding the Action Plan. During the pandemic response, updates to the City website were paused but are now in process. Regular website updates and other communications tools will be advanced as part of the communication strategy.
			ii. Quarterly community updates provided	S DFA with TPH, SSHA	Action Item Pending: Updates for the community via email, the website and/or other communications tools will be advanced as part of the updated communication strategy in 2022.
Cross-Sectoral Trust and Collaboration	2.3	Dundas and Yonge Leadership Table	i. Establishment of shared outcomes for partners at the Leadership Table	S DFA	Action Continuing: Yonge Dundas Leadership Table considers and strategically responds to issues. The Yonge Dundas Operations Table coordinates outreach and safety responses to emerging issues in the area. The Dundas Yonge Leadership Table meets every 2 months. The Operations Table meets every 2 weeks. Work to establish and track shared outcomes is on the work plan of the Leadership Table and has been raised at the Operations Table. This work will continue to be advanced in 2022.
			ii. Assessment completed to understand the opportunity to expand this model to other neighbourhoods	S DFA	Action Complete: An evaluation was conducted by Social Planning Toronto in late 2021 to understand if the Action Plan has achieved success in building cross-sectoral trust and collaboration. The Leadership Table and related Operations Table were found to be successful models that facilitate dialogue between stakeholders across sectors and disciplines. Supported by these findings, staff are using the model to establish a table in the Dundas Sherbourne area. Recognizing that concerns and needs differ across issue and geographic areas, engagement with community members will be part of the process to advance this new table.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Cross-Sectoral Trust and Collaboration	2.4	Sherbourne Corridor Coordinated Plan	i. Development and roll out of neighbourhood based plan to address safety and stability issues in the area surrounding Dundas and Sherbourne	SDFA with SSHA, TPH	Action Complete and Continuing: As directed, staff have developed a proposed neighbourhood plan framework inclusive of phases for actions. Immediate actions in the plan have been advanced through the launch of the 4 funded intervention pilots providing harm reduction clean up, outreach and de-escalation supports. The roll-out of the plan will continue including deeper engagement with community.
Cross-Sectoral Trust and Collaboration	2.5	Collaborate with OHT and MAG	i. Continued collaboration with MAG to support implementation of pilot Justice Centre	SDFA	Action Continuing: The Justice Centre is in operation. In collaboration with the Ministry of the Attorney General, the Toronto Downtown East Justice Centre was launched in June 2021. Its focus is to prevent high-needs individuals at the intersection of poverty, homelessness, isolation, mental health and addictions from cycling through the criminal justice system by addressing criminogenic risk factors with on-site, wrap-around psychiatric, primary care and addictions medicine and development disability supports. SDFA staff continue to be engaged with this work.
			ii. Continued coordination with OHT and other provincial health partners on strategic and operational partnerships to improve health and mental health outcomes in the Downtown East	SDFA	Action Continuing: SDFA has been engaged with the Ontario Health Team and regularly attends meetings of the Downtown East Toronto Ontario Health Team. In addition, relationships have been established and deepened during the pandemic through SDFA's role in mobilizing an equity focused COVID-19 response. This work will continue.
Cross-Sectoral Trust and Collaboration	2.6	Community-Based Research and Evaluation	i. Identify priority topics, location and scope for community-based research	SDFA	Action Complete: Priority topics were identified for community-based research with a focus on hotspot locations in the area, individuals with complex vulnerabilities and resources, and better equipping frontline staff to work with individuals who are marginalized.
			ii. Engage partner with participatory community-based research expertise in launching research initiative	SDFA	Action Item Complete and Continuing: Community-based research initiatives were completed, including a project assessing the mental wellness support needs for frontline staff. An intensive counselling project was piloted and evaluation in the context of issues related to COVID-19, homelessness, and the drug poisoning crisis.
Stability for People who are Marginalized	3.0	Continuation of 12 month Stability Actions	i. Continuation of enhanced service level from TPH outreach	TPH	Action Item Continuing: The Works Outreach team at Toronto Public Health continues to provide harm reduction support to people who use drugs in the Downtown East. Outreach teams are highly visible in the area in The Works branded clothing and working in groups of two from the hours of 10am to 10 pm Monday to Saturday and 10am to 7pm on Sundays. The teams provide harm reduction supply distribution, safer drug use education and needle pick up, counselling and support, overdose education and Naloxone distribution as well as referrals to supervised injection services and other internal or external services. The Works has also been performing paired outreach with other agencies and departments that work with people who use drugs with the goal to increase safety in the Downtown East core. These paired groups include members from The Works and Streets to Homes, Downtown Yonge BIA outreach, and the safety team at the Toronto Metropolitan University. There are 3 paired outreach shifts per week. The Works outreach team has approximately 45 client interactions per week. A new partnership was also created for community outreach in hotspots at Toronto Metropolitan University and Moss Park.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Stability for People who are Marginalized	3.0	Continuation of 12 month Stability Actions	ii. Continuation of enhanced service level from Park Ambassadors	PFR	Action Item Continuing: This has been implemented since 2018 and is now part of base budget and park service levels. During the pandemic, service levels increased by bringing on additional Parks Ambassadors. They have worked continuously through summer, 2020 due to the increased usage of parks by marginalized people and the significant increase in outreach and referrals to street outreach teams for unhoused and overnight rough sleepers.
			iii. Continuation of itinerant service provision through TESS ARCs to OW clients and walk-in residents	TESS	Action Item Continuing: TESS currently operates one site in the Downtown East. Wellesley Place Employment and Social Services is located at Jarvis and Wellesley and is co-located with the Ontario Disability Support Program (ODSP). TESS staff continue to respond to all inquiries, both in-person and virtually, assessing the individual's needs and providing program information and services within the community. Referrals to support a client's needs are made to organizations focused on settlement, housing, mental health and addiction, legal, education and employment for Ontario Works (OW) clients.
Stability for People who are Marginalized	3.1	Monitor 24 hour Respite Sites	i. Quarterly reporting on compliance to respite standards City-wide	SSHA	Action Item Pending: Since the beginning of the pandemic SSHA Quality Assurance has focused its efforts on the implementation, monitoring and assessment of Infection Prevention and Control (IPAC) practices and COVID-19 physical distancing standards in respite sites (including 24-hour women's drop-ins). In total there were 103 visits; 20 (2020), 48 (2021) and 35 (2022). There were 7 pre-opening site assessments completed during this period to ensure sites were compliant with essential standards and were ready to welcome clients.
			ii. Indicators developed to measure outcomes of Community and Client Engagement Coordinator roles	SSHA	
Stability for People who are Marginalized	3.2	Review of Workplace Practices and Protocols	i. Identify any existing specifications within City funding agreements or guidelines with agencies related to workplace practices and staffing.	S DFA, SSHA, TPH	Action Item Complete: Staff from the noted divisions conducted a review of funding agreements and guidelines to identify current specifications related to workplace practices and staffing. The review found that many requirements related to items such as occupational health and safety, Workplace Safety and Insurance Board (WSIB) and other provincial employer requirements. A potential next phase of work has been paused due to staff capacity.
Stability for People who are Marginalized	3.3	Mental Health Capacity Building	i. Conversations convened with Toronto Drop-In Network and partners to identify sector-led solutions for mental health and response to conflict	SSHA	Action Item Continuing: SSHA is working with the Toronto Drop-In Network as a member of the Homelessness Health Services Steering Committee. This committee is developing a framework across three streams – primary care, harm reduction and mental health case management. The objective of this approach is to ensure that people accessing homeless supports are part of a well-coordinated and integrated system of health and homelessness services, both within the shelter or drop-in programs, and as they transition to permanent housing.
			ii. Pilot implementation of recommendations in 2020	SSHA	

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Stability for People who are Marginalized	3.4	Increase housing outcomes and address housing gaps	i. Engagement with faith and non-profit groups in the Downtown East completed to identify potential sites for affordable housing	Housing Secretariat with SDFA	Action Item Ongoing. On May 11 and 12, 2022 City Council approved the Downtown East Housing Strategy Development Framework. The Housing Secretariat, in collaboration with CreateTO, City Planning, SDFA, SSHA and TCHC, will undertake a robust stakeholder engagement process to develop the full Downtown East Housing Strategy, including engaging tenants, local residents, community agencies, healthcare providers, academic institutions, local religious institutions, the local BIA and other orders of government. The work will be coordinated with the Dan Harrison Community Complex and Dundas-Sherbourne neighbourhood master planning and visioning exercise and a report back to the Planning and Housing Committee is scheduled by the fourth quarter of 2023.
			ii. Opening of 2 Supportive Housing properties in Downtown East	Housing Secretariat	Action Item Complete and Continuing: As per the Dundas-Sherbourne Neighbourhood Revitalization - Update PH33.6 (May 11, 2022) the Housing Secretariat, in consultation with CreateTO will explore options to deliver at least 40 new units of supportive housing on the Housing Now Initiative site at 405 Sherbourne Street. City Council also requested Corporate Real Estate Management to immediately resubmit their Letter of Intent with the same terms and to restart negotiation to purchase 214-230 Sherbourne Street in the event that the previous agreement conditions are not waived.
Stability for People who are Marginalized	3.5	Renewed comprehensive strategy to address the Dan Harrison Complex	i. Report back to council in October 2019 with phased plan for response to the Dan Harrison Complex and impacts on the surrounding area	Housing Secretariat with SDFA	Action Item Complete and Continuing: Phased implementation was approved by Council in 2022. As per Dundas-Sherbourne Neighbourhood Revitalization - Update (PH33.6) (May 11, 2022) Housing Secretariat, in consultation SDFA, City Planning, CreateTO, SSHA and TCHC will undertake a community visioning and master planning exercise to support the future revitalization of the Dan Harrison Community Complex and improvements to the Dundas-Sherbourne neighbourhood, and report back to the Planning and Housing Committee in the fourth quarter of 2023 with the results of the visioning and master planning exercise. City Council directed the Housing Secretariat, in consultation with CreateTO, SDFA and TCHC, to explore Federal and Provincial funding programs, as well as other partnership opportunities to support the a future revitalization of the Dan Harrison Community Complex and improvements to the wider Dundas-Sherbourne neighbourhood, including adding new affordable and supportive housing, and to report back to the Planning and Housing Committee in the fourth quarter of 2023.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Stability for People who are Marginalized	3.6	George Street Revitalization	i. Seaton House transition	SSHA	Action Item Continuing: The revitalization plan involves the relocation of 400 shelter beds to five new program spaces across the city; four have opened and one is under renovation. The transition plan involves securing housing options for residents who are currently at Seaton House and need to move in advance of the handover date. Partnerships have been developed with supportive housing providers, Habitat Services and Canadian Mental Health Association (among others), to provide supportive housing and housing allowances to individuals who are leaving Seaton House as part of the transition process. In addition, a unique partnership with the Housing Secretariat was established to fund 53 new housing units for Seaton House residents. To date, 181 clients have been moved to permanent housing through the transition plan. Seaton House will be fully vacated by June 2023, before the site is handed over for redevelopment.
			ii. Updated consultation on amenities for George St. Hub	SDFA, SSHA	Action Item Continuing: The George Street Revitalization project has been advancing including the planning for the George Street Community Hub. In late 2019, engagement sessions were held with people with lived experience of marginalization and the project Stakeholder Reference Group. Additional engagement with community members regarding the community hub is planned for fall / winter 2022.
Stability for People who are Marginalized	3.7	Overdose Prevention Action	i. Work with City and community partners to implement new actions recommended in the Toronto Overdose Action Plan: Update 2019 and the Toronto Indigenous Overdose Strategy	TPH	Action item Pending: One of the goals of the Injectable Opioid Agonist Treatment (iOAT) Program is to contribute to the limited body of evidence about iOAT adapted for safer supply. The iOAT pilot enhances a safer supply model whereby clients have the options of community clinic and/or pharmacy-based observed consumption of injectable hydromorphone (iHDM) and oral long acting opioids. The pilot also extends referral pathways for clients.
Implementation of Plan	4.0	Staffing and resources	i. Staffing and resources to support service coordination and plan implementation including the extension of a temporary full-time position and a lived experience advisory	SDFA	Action Item Ongoing: One full-time position has been in place, dedicated to advancing service coordination and plan implementation. SDFA has also provide additional staffing from existing divisional resources to support the project management of the plan. The activation of a lived experience advisory group has been delayed due to capacity of the needed community partner during the pandemic. This work will proceed in 2022.
	4.1	Plan Monitoring & Evaluation	i. Resources required to continue evaluation and monitoring for the Action Plan	SDFA	Action Item Ongoing: Evaluation activities have advanced. This includes evaluating the levels of trust and collaboration amongst various stakeholders in the Downtown East, with recommendations for how the Action Plan can better support trust and collaboration going forward. The findings of this work has informed the next steps for implementation. The 4 funded pilots are also undertaking monitoring and evaluation. Resident and business associations' feedback have been included as metrics for the Action Plan.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Additional Council Directions Report Back					
Safe, Inclusive Communities	1. a.	Enhanced cleaning	Expand Action 1.0 to include the establishment of a morning and afternoon cleaning schedule for the public realm on the Dundas Street and Victoria Street frontages of the Works at 277 Victoria Street no later than the start of the third quarter 2019, including a plan to address community members' discarded belongings that may have been forgotten or misplaced	TPH, SWMS, TS	Action Item Complete and Continuing: Enhanced service levels include cleaning by City crews. TPH, Solid Waste and Transportation are working in partnership. TPH initiated power washing of the sidewalk in front of 277 Victoria Street twice daily in 2019, and has continued to do so weather permitting. Facility cleaners also increased frequency of litter pick up on the sidewalk in front of 277 Victoria Street. SWMS increased frequency of garbage bin and laneway clean up.
Stability for People Experiencing Marginalization	1. b.	Enhanced Stability Actions	b. in addition to the continuation of outreach services in Action 3.0, the Executive Director, Social Development, Finance and Administration review service gaps and identify resource requirements, to be submitted through the 2020 Budget Process, in order to ensure regular outreach is taking place at Ryerson University and in priority hotspots in the Garden District and Moss Park neighbourhoods	SDFA	Action Item Complete and Continuing: Four intervention pilots, COAST, Here to Help, Harm Reduction Community Care Project, and Equitable Action for Change, provide intensive supports to people experiencing marginalization and support communities with alternative responses to issues. The 4 funded pilots which received funding of \$1.1M, cover the Downtown East area with COAST coverage specific to Dundas-Sherbourne, and since January 2022, Church-Wellesley and Yonge-Dundas. H2H coverage is specific to Dundas-Sherbourne / Moss Park, Church-Wellesley. Outreach shifts for the 4 pilots range from 5-8 hours, 4-5 days per week.
Cross Sectoral Trust and Collaboration	1. c.	Sherbourne Corridor Coordinated Plan	Assess the scale and type of operations taking place at City-funded community agencies as part of Action 2.4, the Sherbourne Corridor Coordinated Plan; and report back in the fourth quarter 2019 with recommendations on programming, funding, collaboration and enforcement actions necessary to maintain a clear and safe pedestrian thoroughfare on both sides of Sherbourne Street and Dundas Street at all times of day	SSHA, SDFA, MLS	Action Item Continuing: This action has commenced with engagement with local agencies, MLS, SSHA, TPH and SWMS. Actions will continue as part of the Dundas Sherbourne Community Development Plan.
Safe, Inclusive Communities	1. d.	Investigate Vacant Building Compliance	Investigate all vacant buildings in the Downtown East area that they are made aware of to confirm compliance with the applicable municipal by-laws	MLS	Action Item Ongoing: MLS is investigating all vacant buildings that they are made aware of in the Downtown East to confirm compliance with the applicable municipal bylaws.
Safe, Inclusive Communities	1. e.		Publish key health indicators bi-annually for the Downtown East catchment area, including City-wide availability of addiction treatment services and rehabilitation spots for those seeking assistance, supportive housing waitlist times, and Downtown East-specific rates of overdoses, the number of individuals sleeping on streets or in shelters who have been successfully housed, sharps collection data, and other relevant statistics	SDFA, TPH	Action Item Pending: No work has been undertaken on this action as TPH's research resources have been focused on COVID-19 for over two years.
Safe, Inclusive Communities	1. f.		Consult with residents in the Moss Park neighbourhood on the need for additional Toronto Police Service Community Officer positions	SDFA, TPS	Action Item Complete: There are now 7 Neighbourhood Officers serving this area.

Outcome Theme	Item #	Action	Detail	Lead Divisions	Status and Summary
Stability for People who are Marginalized	1. g.	Expand Action 3.3, Mental Health Capacity Building, to request the Executive Director, Social Development Finance and Administration to work with the Medical Officer of Health	1. Include an exploration of options to convene a mental health and addictions roundtable with the federal and provincial government, including participation from community partners, that would meet quarterly and provide a focused opportunity to discuss successes and service gaps in communities like the Downtown East which can be addressed through deeper collaboration and program changes	TPH	Action Item Continuing: As per Item EC6.16 (July 16, 2019) Downtown East 2023 Five-Year Action Plan, S DFA and TPH have been working with ThriveTO, a group of community-based mental health and addictions service providers led by the Wellesley Institute and United Way Greater Toronto, to develop a mental health plan for the City. These providers have identified innovative ways to bring a variety of sectors together and will be developing a mental health plan for the City, forthcoming in 2023.
Stability for People who are Marginalized	1. h.		2. Based on the roundtable discussions, develop a report detailing the policy changes required for those experiencing mental health or addiction crises to obtain robust supports and housing solutions appropriate to their long-term wellbeing	TPH	Action Item Continuing: In June 2022, the Medical Officer of Health will bring forward a Status Report on the Toronto Overdose Action Plan to the BOH. The report includes recommendations calling on the federal and provincial governments to address barriers that are exasperating the drug poisoning crisis and fund needed health and harm reduction services, including sustainable funding for the Integrated Prevention and Harm Reduction initiative (iPHARE) which provides enhanced mental health case management supports in the City's shelter system coordinated by SSHA
Stability for People who are Marginalized	1. i.		Review the existing literature to determine the possible health impacts of surviving an overdose including a review of the health and addiction services available to survivors. This review will include data on overdose reversals estimated through the use of existing paramedic naloxone administration data, data from the existing supervised consumption services on overdose reversals and Toronto Public Health naloxone distribution data	TPH, S DFA	Action Item Pending: No work has been undertaken on this action as TPH's research resources have been focused on COVID-19 for over two years. One of the goals of the Injectable Opioid Agonist Treatment (iOAT) Program, though, is to contribute to the limited body of evidence about iOAT adapted for safer supply. The iOAT pilot enhances a safer supply model whereby clients have the options of community clinic and/or pharmacy-based observed consumption of injectable hydromorphone (iHDM) and oral long acting opioids. The pilot also extends referral pathways for clients.
Safe, Inclusive Communities	1. j.		Ensure ongoing consultation with neighbours and resident groups in the Dundas-Sherbourne corridor to identify key health and safety concerns for interdivisional and coordinated responses	S DFA	Action Item Continuing: Staff will be establishing a Community Development Plan for the Dundas - Sherbourne area. Deep engagement with the community is an important part of this work. The roll out of the plan and this work will in occur in 2022.
Stability for People Experiencing Marginalization	1. k.	Monitor 24 hour Respite Sites	As per Action 3.1, Monitoring Toronto Respite Site Standards, the General Manager, Shelter, Support and Housing Administration continue monthly inspection of respite sites to ensure that they are meeting City standards and providing for the health and safety needs of service users	SSHA	Action Item - See item 3.1 above for response
Implementation of Plan	1. l.	Plan Monitoring & Evaluation	Include resident and business associations' feedback as part of the measures of success for the Action Plan	S DFA	Action Item Complete and Ongoing: Feedback from resident and business associations has been included as measures of success from the plan. This feedback has been and will continue to be sought as part of the monitoring of the four pilot initiatives and through the evaluation of the Action Plan in the next phase of implementation.
