All participants in any Toronto Ski and Snowboard Centre program must wear a recognized ski or snowboard helmet while participating in any instructional programs. All "package A" participants must supply their own helmet. All "package B" participants will have a helmet provided as part of the rental component. Any programs that do not have a "package B" option require participants to supply their own recognized helmet. Participants who do not have a recognized ski or snowboard helmet will not be admitted to class. This policy applies to all adults, youth & children in programs. **Make up classes or refunds will not be issued for clients who miss classes for this reason.**

Weather

We operate our programs in all weather conditions including heavy snow, rain, sleet, wind, and days full of sunshine. Our instructors are trained to deal with various weather conditions and to ensure that quality lessons take place. Regardless, all participants must understand that they may encounter various weather conditions. However, in very severe conditions the centre may close and postpone lessons. Lessons cancelled by our operation will be added to the end of the regularly scheduled period of lessons.

Registration

Registration for programs are permitted up to the start of the program's second class only. Registered clients will be withdrawn if not up to class level.

Transfers

A transfer fee of \$10 (per person/per course) will be applied to any client initiated request to move from one program to another or from one class to another. Transfers must be requested prior to the third class/day and will be prorated.

Tobogganing

While Tobogganing may be a fun activity, The City of Toronto does not permit tobogganing on the Ski & Snowboard hills in accordance with Parks By-Law 608. To learn more about the Tobogganing By-Law visit toronto.ca/parks.

Photography Policy

Parents/Guardians wishing to use a video camera or other cameras must receive permission from staff before filming. Pictures may only be taken of children/patrons in their care. Every attempt should be made to limit or eliminate other patrons in the background.

Age Overrides

All Pre-School Programs: Children must be the required age by the START date of the program.

All Other Programs: Participants must be the required age by the END date of the program.

All of our ages are set in accordance with industry standards and have been implemented based on the physical demands of the skill sets that will be taught (including muscle control, muscle coordination and strength development). In order to ensure the safety of all participants, age overrides are not permitted for ski or snowboard programs given the complex nature of all skill sets being taught during lessons.

Withdrawals

All cancellations/withdrawals must be initiated prior to the start of the programs third class/day. No refunds or credits will be considered after this date. Withdrawals will be prorated based on the date of withdrawal not based on attendance in the program.
