# Camps

## Friendships Start Here!

**S**chool's out! What to do? Do you want your child to be outside, active, learning new skills and making new friends this summer? Whether your child is attending camp for the first time or is a returning camper, Toronto Parks, Forestry and Recreation offers fun, safe and incredible day camp experiences.

We know that every child is unique, and for this reason Toronto Parks, Forestry and Recreation offers a wide variety of high quality camps to best suit their needs. To ensure the ultimate summer experience, we recommend you and your child sit down together and review the following information. A couple of guidelines to help you choose the right camp:

- ✓ Together with your child, look for a camp that matches your child's interest and maturity level.
- ✓ Camp is generally a wonderful experience, but it can have its ups and downs. Talk to the camp staff for more details of what campers should expect at camp.

## General Information

With Toronto Parks, Forestry and Recreation, campers will have a fun, safe, rewarding and, most of all, memorable summer – and here is how we make it happen:

### Age Requirements

Campers must be the required age by the start of the program.

### Extended Hours

Extended hours have a separate barcode for registration. Refer to the summer camp program charts for times, fees and locations.

### Holidays

Camps do not operate on statutory holidays.

- ✓ Camps are closed July 2 and August 6.

### Inclusion and Support

We welcome and include children and youth with special needs/disabilities to explore our summer camp opportunities at a level of participation suitable to their ability, program choice and facility access.

**Note:** If your child/youth requires additional support/facilitation to be included at camp, you must register using the special needs program codes. In order to provide support to as many children as possible, with the resources available, two weeks of support per child is provided. Register early, as space is limited. Refer to Adapted Programs & Integrated Services, pages 14-18.

### Lunch and Snacks

A supervised lunch period is offered at each location. Children must bring their own snacks and lunch each day (full-day programs only). In order to reduce the risk of exposure to nut allergies, we recommend participants bring nut-free lunches to camps. More information will be provided at camp locations.

### Litterless Lunches

Help us maintain the 3 R's when packing lunches. Check out these tips on reducing, reusing and recycling waste:

- Pack with none or as little packaging as possible - fresh, nutritious snacks like apples, pears and oranges require no packaging
- Pack in reusable containers, rather than plastic bags
- Try to use biodegradable packaging - paper is biodegradable, plastic is not
- Choose items packaged in recyclable materials

**Together we can make a difference.**

### Staff

Our camp staff have been carefully selected for their enthusiasm, experience and background in working with children. Staff participate in pre-summer training which include child management, appropriate program planning, risk management, inclusion and support and much more. All staff are certified in Emergency First Aid.

### Supervision

We know it is important that your child is in a safe and caring environment. We implement a standard staff to child ratio at all camps.

### Swimming

Staff will provide swimming opportunities for campers, where possible, in accordance with the City of Toronto Admittance Policy for Day Camps/Groups.

### Trips

We follow procedures that put safety first.

### Withdrawals and Refunds

1. Refunds are permitted up to and including the second camp day only. No refunds will be considered after this period. See page 8 for the complete Withdrawals and Refunds policy.
2. For camps that have an added consumable fee, there is no refund on the consumable fee once the program has started.

### Other Information

- Some programs may require the purchase of a camp t-shirt or hat for off-site excursions. Call your local recreation centre for more information.
- Extended care option is only for participants registered in a City of Toronto Parks, Forestry & Recreation camp program.

HIGH FIVE® training, resources, policies and procedures and evaluative processes have been developed to empower organizations to focus on the elements that impact healthy child development and to instill quality in sport and recreation programming for children.
