## Online WASTE WIZARD has the answers!

We all want to recycle all we can, but many plastics and metals can't go in recycling. The wrong items can contaminate the recycling stream, damage equipment and cause workplace injuries.

Use **WASTE WIZARD** at [toronto.ca/recycle](http://toronto.ca/recycle) to learn how to properly recycle and dispose of waste items. This online search tool currently lists over 1,500 items with proper disposal instructions.

**If you don't recycle properly, we can't either.**

Call **311**

**It's dangerous to put empty propane tanks in recycling or garbage.**

Please take all propane and helium tanks to the City's Drop-off Depots or to a Community Environment Day. For details, visit [toronto.ca/recycle](http://toronto.ca/recycle), call 311 or check your collection calendar.

## Put waste in its place

**You are doing a great job at home; remember to follow the same practices when you are out and about.**

### Keep our parks clean

We are replacing most collection bins in City parks with larger bins, similar to the type you have at home. Please use the right bin for recycling. Put items in loose with residue, such as food, removed.

It is illegal to leave empty propane tanks in a park. Fines apply. These must be taken to a Drop-off Depot or Community Environment Day.

It is illegal to dump household garbage in City bins. Fines apply.

### Special events

Events may have separate bins for recycling, organics and garbage. Please make the effort to sort your waste into the proper containers.

### On the street reminders

#### What's recycling

- Aluminum cans
- Foam cups and food containers
- Glass bottles (tops removed)
- Plastic bottles and tops

#### What's garbage

- Black and clear plastic takeout containers
- Plastic cutlery
- Clear plastic drinking glasses
- Paper coffee cups, lids and sleeves
- Straws

**If you see a "litter hot spot" such as illegally dumped garbage, overflowing bins or an unusually dirty public space:**

#### FRANCAIS:

Nous sommes en train d'améliorer la cueillette des déchets dans les parcs de la ville grâce à des bacs plus grands mais similaires à ceux que vous avez à la maison. Servez-vous des bacs appropriés pour recycler. Mettez les articles en vrac enlevant les résidus comme la nourriture.

#### CHINESE:

我們正在市內公園改善較大的收集箱，類似於家庭使用的。請使用適當的回收箱。將物品裝入回收箱，並先將殘渣（例如食物、紙屑等）取出。

#### ITALIANO:

Stiamo migliorando la raccolta dei rifiuti nei parchi della City con l'impiego di contenitori più ampi, di tipo simile a quelli che usate a casa vostra. Per il riciclaggio usate il contenitore previsto per questo scopo. Ponetevi gli articoli alla rinfusa, dopo aver rimosso da questi ultimi i residui come il cibo.

#### POLSKI:

Przeprowadzamy w parkach miejskich wymianę pojemników na większe, podobne do tych, których używacie w domu. Prosimy o korzystanie z właściwych pojemników do recyklingu. Wrzucajcie tam przedmioty puste, usuwając resztki ich zawartość (np. żywność).

#### PORTUGUES:

Estamos a procurar melhorar os recipientes para o lixo existentes nos parques municipais, substituindo-os por outros maiores, semelhantes aos que existem nas habitações. Utilize o recipiente correto para reciclar. Introduza os artigos soltos retirando-lhes os resíduos (de alimentos, por exemplo).

#### ESPAÑOL:

Estamos reemplazando los cubos para desechos en los parques de la Ciudad con cubos más grandes, similares al tipo que tiene en su casa. Por favor, use el cubo correcto para el reciclaje. Meta los artículos sueltos, quitándoles los residuos, como la comida, por ejemplo.

# WE WANT IT!

## COMMUNITY ENVIRONMENT DAYS

### REUSE, RECYCLE & SAFELY DISPOSE

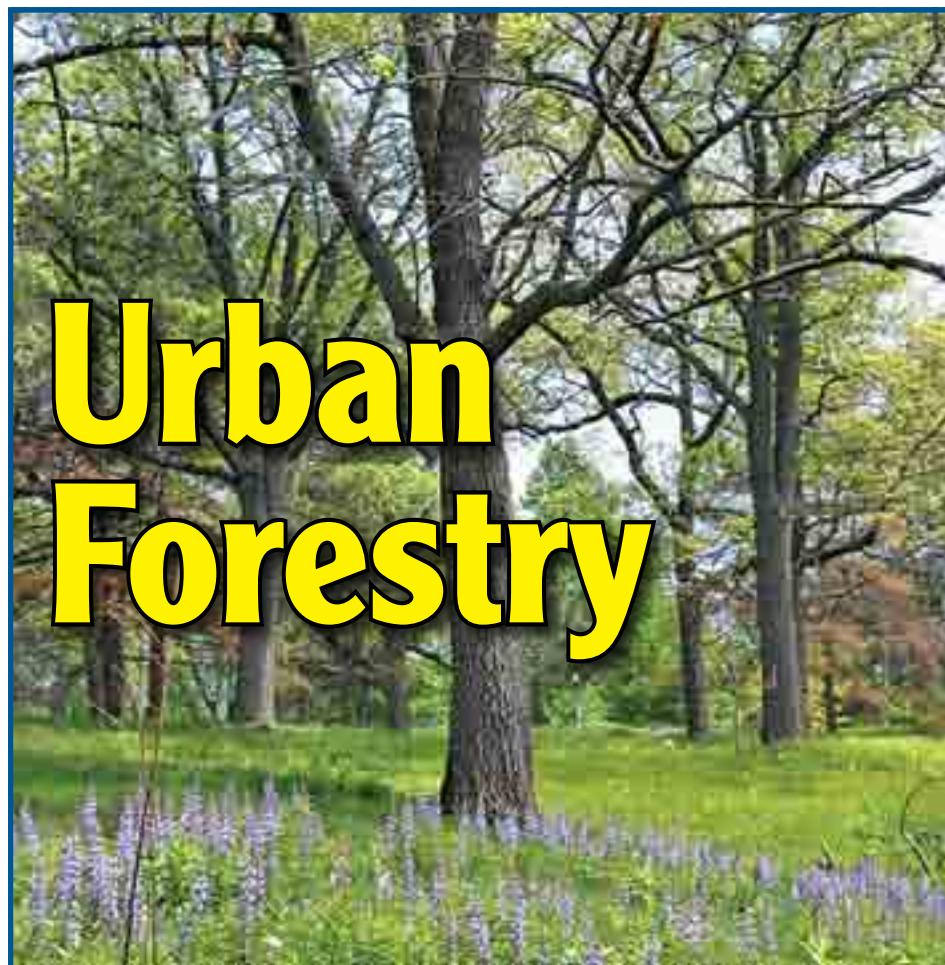

Come out to a Community Environment Day and bring us all your unwanted household items. Drop off your dead batteries, old paint, pesticides, motor oil, electronics, old computer equipment, as well as clothing, art supplies and numerous other items. You can also pick up bins, purchase a backyard composter or even get free compost.

**For a complete list of event dates, locations and eligible items, go to: [toronto.ca/environment\\_days](http://toronto.ca/environment_days)**

# Urban Forestry

## Toronto's Urban Forest – for now and forever!

Toronto's Urban Forestry Branch manages the urban forest for both today and tomorrow. Our forest management goal is to ensure the continued viability of the urban forest through programs that achieve our objective of a healthy, diverse and sustainable tree canopy. Toronto's urban forest currently covers approximately 20% of the City. An average tree canopy coverage of 35% is an optimum target for an urban forest and so we have many trees to plant and nurture.

By maintaining a healthy, sustainable urban forest ecosystem today, we are protecting and building upon a solid natural foundation that will provide long-term environmental, social and economic benefits to Toronto.

Our urban forest management program is based on three main areas of activity:

- Renewal & Planting – maintenance of canopy coverage and the enhancement and restoration of the urban forest through tree planting programs and policies;
- Maintenance & Management – management of trees for good health and safety and the maintenance of a diverse forest cover to ensure biodiversity, and optimize species composition and ensure there are trees of all ages;
- Planning & Protection – protection of the existing tree population through policies, programs, guidelines, by-laws and long-term planning.

For details on Toronto's Urban Forestry services and programs, visit [toronto.ca/trees](http://toronto.ca/trees)
