Youth Leadership Testimonials

“Each week I learned something new, and my experience will help the community. I’ve learned how to become a leader and how to handle situations not only with children, but with myself”

“Being in the leadership program, I learned how to communicate and contribute equally through team work”

“Leadership is when you are independent and take initiative. It’s when you start to do things for yourself and your community.. when you become responsible and know what to do”

STOMP Urban Dance Competition/Showcase 2012

In 2002 STOMP Urban Dance Competition/Showcase was born. This event was created as a vision to engage young women in recreation programs. Providing a stage for female youth to present themselves and represent the urban movement. STOMP Urban Dance Competition/Showcase is now one of the most anticipated premier youth events in the City of Toronto and is a key component in the division's youth engagement strategy.

Parks, Forestry and Recreation has strived to create an event where youth are celebrated and can collaborate and produce high calibre performances. STOMP Urban Dance Competition/Showcase celebrates the diversity of Toronto's youth, with its participants reflecting Toronto's multicultural community. The event provides young people with a platform to showcase their ability and perform at an enhanced level. This competition/showcase links the various City dance programs and is the culmination of months of rehearsals, choreography and coordination. Youth come to express themselves creatively in front of an audience filled with family, friends and peers.
