

TALL BUILDINGS

Inviting Change in Downtown Toronto

Website: www.toronto.ca/planning/tallbuildingstudy.htm

Email: tallbuildings@toronto.ca

The document proposes a new vision for how tall buildings should fit in Downtown Toronto - where they belong, how tall they may be and how they should be designed in order to relate appropriately to their surroundings. It focuses on harnessing the vitality and energy of well designed and well located tall buildings to positively invigorate Downtown streets and contribute to making them great places.

Study Area Map

- | | | | |
|---------------------------|-------------------------|---------------------------------------|-------------------|
| ① University of Toronto | ④ Railway Lands West | ⑥ Railway Lands East | ⑧ King-Parliament |
| ② King-Spadina | ⑤ Railway Lands Central | ⑦ Central Waterfront (Before the OMB) | ⑨ Regent Park |
| ③ Fort York Neighbourhood | | | |
