

## 4. Traffic / Transit / Transportation

Hope: (Demand) / Sheppard Subway extension (would ease traffic along ~~Finch~~ Finch)  
bus

Hopes: bike paths in hydro corridor (along McNicoll)

Hope: more enforcement of traffic rules (running red lights etc)

Hope: have bike paths on 2<sup>o</sup> roads (safer): Not on primary roads.

Hope: Transit resources are increased to meet needs of existing & new residents.
