

# Mechanical Pickup of Leaves – Scarborough Community, 2011

The 2011 Mechanical Leaf Collection will take place from Monday, November 7<sup>th</sup> to Friday, December 2<sup>nd</sup>.

**Note: There will be no collection on Friday, Nov. 11<sup>th</sup>, 2011.**

Here are some reminders about the collection:

Please rake leaves to the ditch or gutter, just before the start of your specific collection weeks – not a week or two in advance.

If you see city staff in your area a few days earlier than scheduled, they are likely getting a head start on the collection in your area and will return during your scheduled week.

We can only collect leaves that have already fallen at the time of your scheduled collection. If a snowfall should occur, this will affect the program and some leaves will not be picked up. The collection will be done **once** as outlined in the weekly schedule.

If you are not receiving mechanical leaf collection, please place your leaves in reusable, rigid, open-top containers or kraft paper bags on your regular yard waste collection date and the city will pick them up.

The City suggests that, whenever possible, composting is still the best solution for managing your leaves. Composting provides a rich, nutrient-filled material for your lawns and gardens. If you'd like a composter or require more information about composting, see [www.toronto.ca/compost](http://www.toronto.ca/compost).

If you have any questions about the service, call 311 or visit the website at:

[www.toronto.ca/transportation/leaf\\_pickup](http://www.toronto.ca/transportation/leaf_pickup).
