**Re. Public Works and Infrastructure Committee - Proposed Use of
Lands on the Ashbridges Bay Treatment Plant Site for a Toronto
Transit Commission Light Rail Vehicle Facility**

Dear ABTP Neighbourhood Liaison Committee Member (NLC):

A presentation was made outlining land use needs at the ABTP NLC meeting on April 19, 2010. The land adjacent to the ABTP is not needed for future wastewater treatment capacity and is being considered for a Toronto Transit Commission Light Rail Vehicle Maintenance and Storage Facility (LRV M&SF). A change in land use to allow for construction of the LRV M&SF will be considered by the Public Works & Infrastructure Committee (PWIC):
