

NOTICE OF COMMUNITY ADVISORY GROUP MEETING #1

Western Waterfront Master Plan City of Toronto

The City of Toronto is undertaking a study to create a **Master Plan for the Western Waterfront**. The Master Plan will guide decision making within the area by recommending the type and location of park facilities that meet a range of community needs, as well as improvements to the transportation, transit and pedestrian links with surrounding neighbourhoods.

The study area covers a 4 km-long stretch of the Western Waterfront and is bounded by the Humber River to the west, Marilyn Bell Park to the east, Lake Ontario to the south, and the Lake Shore Blvd W./Gardiner Expressway/Queensway corridor to the north (see Map).

Opportunities for Public Input:

Public consultation is an important part of this Master Plan study. Accordingly, the Master Plan Team seeks to form a Community Advisory Group to serve as a sounding board and to provide creative input to the Master Plan.

The purpose of this first Community Advisory Group Meeting is to: define the objectives, terms of reference, and composition of the Community Advisory Group itself; follow-up on the Public Meeting held on November 26, 2007; and, preview the proposed Educational Seminar scheduled for Wednesday, February 13.

Anyone with an interest in the study is invited to attend and participate. The Community Advisory Meeting will be held on:

Tuesday, February 12, 2008,
at the **Swansea CRC (15 Waller Ave)** in the **Rennie Room**,
starting at **7:00pm to 9:00pm**
