

NOTICE OF PUBLIC EDUCATIONAL SEMINAR MEETING #1

Western Waterfront Master Plan
City of Toronto

The City of Toronto is undertaking a study to create a **Master Plan for the Western Waterfront**. The Master Plan will guide decision making within the area by recommending the type and location of park facilities that meet a range of community needs, as well as improvements to the transportation, transit and pedestrian links with surrounding neighbourhoods.

The study area covers a 4 km-long stretch of the Western Waterfront and is bounded by the Humber River to the west, Marilyn Bell Park to the east, Lake Ontario to the south, and the Lake Shore Blvd W./Gardiner Expressway/Queensway corridor to the north (see Map).

Opportunities for Public Input:

Public consultation is an important part of this Master Plan study. Accordingly, the Master Plan Team is holding a series of Educational Seminars to foster discussion about best practices from around the world.

The purpose of this first Educational Seminar is to present examples of other waterfront parks from around the world and to discuss their potential application to the Western Waterfront.

Anyone with an interest in the study is invited to attend and participate. The Public Educational Seminar will be held on:

Wednesday, February 13, 2008,

**at St. Joseph's Health Centre (30 The Queensway) in the
Education Centre A & B, Room 1B 105A, 1st floor Barnicke Wing, behind the cafeteria
starting at 7:00pm to 9:00pm**
