TORONTO Construction Notice

St. Clair TTC Track Reconstruction 2005
Phase 1 Yonge Street to Ferndale Avenue (St. Clair Station)

Partial Intersection Closure
Yonge Street and St. Clair Avenue

Scheduled Start Date: **Friday October 7 at 6:00 am**
Scheduled Completion Date: **Tuesday October 11 at 7:00 am**

*Timelines are contingent upon weather conditions and unforeseen events

The City of Toronto and the Toronto Transit Commission have been reconstructing the streetcar tracks, sidewalks and roadways along St. Clair West from Yonge Street to Ferndale Avenue. Beginning at 6:00 am on Friday October 7th until 7:00 am on Tuesday October 11th, the intersection of Yonge Street and St. Clair Avenue will be partially closed to accommodate this work.

Traffic Restrictions:
Through traffic along Yonge Street will be closed. One lane of westbound traffic will be maintained at all times. Eastbound traffic on St. Clair will be directed south onto Yonge Street.

Work Hours
Streetcar track construction is a 24 hour operation. All heavy construction work will take place between the hours of 7a.m. and 11p.m., Monday to Friday, with weekend work as required. The overnight operation involves TTC rail installation work consisting of delivery of rail, rail installation, and some rail welding. This work is required to support the day time operation. Without 24 hour work, the time to complete the project and return streetcar service to the community would double. Efforts will be made to minimize noise at night as much as possible.

For TTC related matters during the project:

Monday to Friday 8:30 a.m. to 4:30 p.m.	Diego Sinagoga (Construction related)	Phone: 416-393-2197
Monday to Sunday 8 a.m. to 6 p.m. (automated 6 p.m. to 8 a.m.)	TTC Service Updates, Routes, Schedules Hearing-Impaired Service	Phone: 416-393-4636 TTY: 416-481-2523
TTC Website:	www.ttc.ca
