New Sidewalk Construction - Wychwood Avenue to Vaughan Road

Pending weather, new sidewalk reconstruction is scheduled to begin on the north side of St. Clair between Christie Street and Wychwood Avenue on Monday, May 4, 2009.

Work is scheduled to start just east of Christie Street and proceed eastward. During this work, westbound traffic on St. Clair from Vaughan Road to Christie will proceed on the newly constructed track allowance. Eastbound traffic will not change.

Updates will be posted to www.toronto.ca/stclairtransittoday

Watermain Update

A new upgraded watermain has been constructed to serve Vaughan Road to Westmount Avenue. New service connections from properties on St. Clair Avenue West to the new watermain will continue to the end of May, 15 2009.

Hydro Work Update

To improve streetscaping, the existing overhead power lines on the south side of St. Clair Avenue West between Vaughan Road and Westmont Avenue have been removed. The temporary poles currently installed will be removed following construction.

TTC Time Based Transfer Program

The Time Based Transfer pilot program will continue until the project has been completed. A Time Based Transfer allows you to travel for up to two hours on the 512 St. Clair route. You can board a 512 St. Clair streetcar or bus at any stop, in any direction, until the expiry time shown.
