

# St. Clair Avenue West Transit Improvements Project

## Phase 4 - McRoberts Avenue to Gunns Loop

### Partial Intersection Closure St. Clair Avenue West and Caledonia Road

**Start Date:** 6:00 a.m. Friday, June 12, 2009\*  
**End Date:** 6:00 a.m. Monday, June 15, 2009\*

\*Timeline is subject to change due to unforeseen events. Content is accurate and current at time of printing.

#### St. Clair/Caledonia Intersection

Beginning at 6:00 a.m. on **Friday, June 12, 2009** to 6:00 a.m. on **Monday, June 15, 2009** a partial road closure will be required at the intersection of St. Clair/Caledonia to accommodate reconstruction of the;

- Westbound curb lane through the intersection
- Eastbound curb lane through the intersection
- Roadway on Caledonia Road, north from the intersection approximately 50 meters in length
- Roadway on Caledonia Park Road, south from the intersection approximately 15 meters in length

Note: During this intersection work, buses on the 47 LANSDOWNE route will be diverted both ways. (See details below and map on reverse side).

#### Traffic Restrictions

In general, this work and associated road closures will temporarily prohibit traffic turns at the intersection, as well as restrict traffic access on Caledonia Road to the north and south of the intersection. Caledonia traffic will be diverted in advance of the closure points, but local traffic access will be maintained up to the construction limits.

Eastbound St. Clair:	One lane of traffic maintained through the intersection. No turns permitted
Westbound St. Clair:	One lane of traffic maintained through the intersection. No turns permitted.
Northbound Caledonia:	Closed at construction limits approaching the intersection. Local access maintained.
Southbound Caledonia:	Closed at construction limits approaching the intersection. Local access maintained.

#### Details

- The work in the intersection will begin shortly after the traffic restrictions have been put into place.
- Safety measures such as barrier fences will be in place.
- A police officer will be on-site during the work to assist with traffic and pedestrian movement.
- Pedestrian sidewalk traffic and access to businesses will be maintained during the construction.

#### Track Construction

Excavation for track reconstruction is scheduled to begin in late June 2009 from McRoberts Avenue and progress westward. In this regard, the St. Clair/Caledonia intersection will again be partially closed for track reconstruction when required. Advance notification will be provided prior to the closure.

#### Parking

No on-street parking will be available in the work zones until roadway reconstruction is completed.

#### Getting Around on the TTC during Construction

**512/312 ST. CLAIR Route:** The transit map on the reverse shows the bus and streetcar transit service currently provided on St. Clair Avenue West.

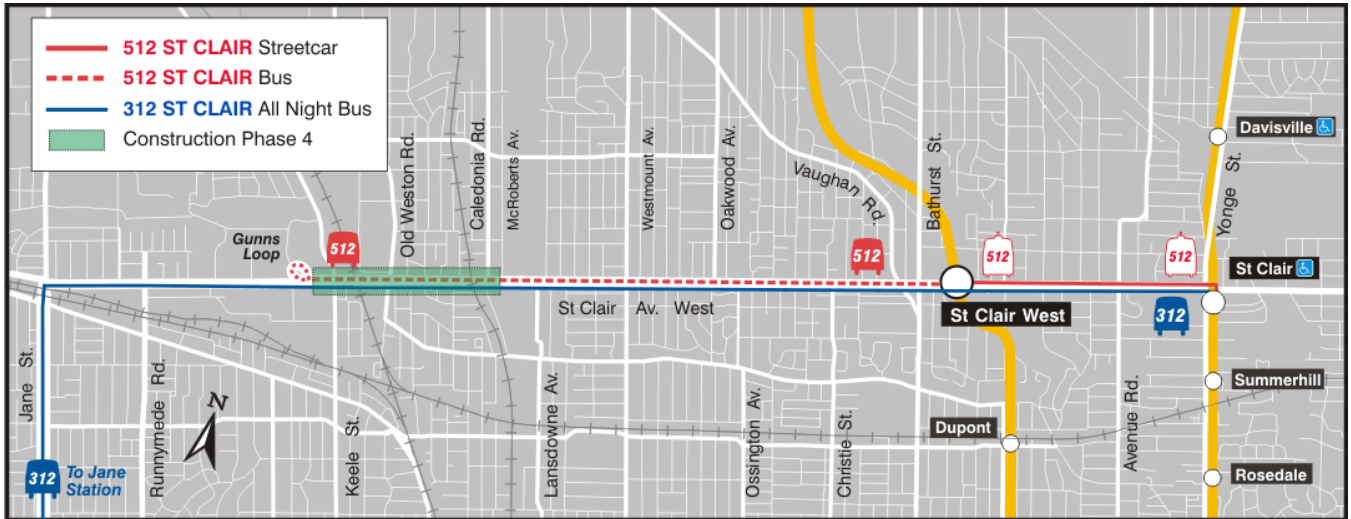

- 512 St. Clair buses are operating on St. Clair Avenue between Gunns Loop at Keele Street and St. Clair West Station at Bathurst Street.
- 512 St. Clair streetcars are operating between St. Clair West Station and St. Clair Station at Yonge Street.
- 312 St. Clair Night buses are operating along regular routing from Jane Station at Bloor Street to the St. Clair Station at Yonge Street.

Note: Buses will continue to operate on the western portion of the 512 St. Clair route as construction of the right-of-way continues in 2009.

**47 LANSDOWNE Bus Route:** From Friday, June 12 to Monday June 15, 2009.

- Buses on the "B" and "C" branches of the 47 Lansdowne route will be diverted both ways via: Caledonia Road, Rogers Road, Old Weston Road, St. Clair Avenue and Lansdowne Avenue. The 47 branch of the route is unaffected. See transit map on the reverse.

**512 St. Clair Route Service – Effective until further notice**

**47 Lansdowne Bus Route – June 12 to June 15, 2009**
