

# Presentation : Part 4

## Prioritization of Proposed Works

- Criteria used for Prioritizing Works
  - Frequency of flooding
  - Condition of Road
  - ┆ Cost
  - ┆ Traffic Volume

# Prioritization

- “A” Priority Areas
  - Donino Court
  - Donino Avenue
  - Maytree Road / Plymbridge Road
  - Forest Glen Crescent / Doncliffe Drive
  - ┌ Campbell Crescent

# Prioritization - continued

## ■ “B” Priority Areas

- Brookfield Road
- Plymbridge Road / Plymbridge Crescent
- Ivor Road
- Donino Avenue
- Donwoods Drive
- Donwoods Grove
- ┌ Winton Road
- ┌ St Margarets Drive
- ┌ Knightswood Road

# Prioritization - continued

- “C” Priority Areas
  - York Valley Crescent
  - Green Valley Road
  - Old Yonge Street

# Construction Cost Estimates

- Cost estimates are for installation of storm drainage system and road reconstruction, and relining of sanitary sewer and water main

# Breakout Groups

Opportunity to ask questions, put forward any outstanding concerns

Groups divided based on drainage areas

- Maps, specific information
- Facilitation and technical support

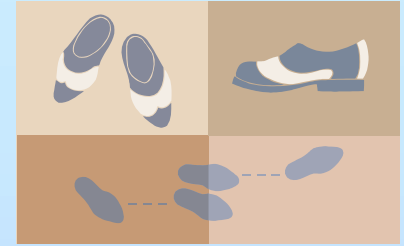

# Small Group Questions

- What do you like about the preferred alternative?
- What don't you like about the preferred alternative?, *(please use map to show specific areas of concern)* why?
- Do you have any comments about the prioritization of the streets?, *(ie which ones will be done in the first, second, and third phases of implementation)*

***Report top 3 messages to the project team.***

# NEXT STEPS

- Input from tonight's meeting will be taken into consideration;
- Internal discussions will continue;
