

“THANKS TO THE AMAZING GREEN BIN PROGRAM WE LOST

“It’s so easy anyone
can do it!”

-The Burnies

9 lbs.

IN ONE WEEK!”

INCREDIBLE but true. Since joining this revolutionary new program, Scarborough families have reduced the amount of garbage they send to landfill by a *whopping* **23,000 tonnes**. That’s the miracle of GREEN BIN! Household organic waste is diverted for recycling, meaning there are **670** fewer trucks bound for Michigan landfill annually. So thanks, all of you, for sticking to the plan and helping to get the environment back in shape.

“Just bring it to
the curb and let
Mother Nature
do the rest.”

-Mom
